heads come up and commence reading it (that is if they could read) he would call some old gentleman up who had a son in the army.

Do you see that? Didn't I tell you you couldn't whip these Southerners? See! Gen. McClellan has been licked again! [Cheers and laughter.] "Just write to your boys to come home, it's all nonsense, this thing you can never whip these people; you can't do it; and this war is for nothing at all except just to abolish slavery; that's all it is for I tell you, they don't get any of my boys, and they don't go to get any dollar either, in no such way as that." Next day comes another despatch: "Vicksburg has fallen; or the battle of Gettysburg. You see this man walk up. What is this? Oh—A great battle fought again—a great Union victory, 10,000 rebels killed and wounded, and 15,000 made prisoners. He looks at it and shrugs his shoulder and says: "Look here! that's a cursed Abolition lie!" [Laughter and cries of "That the way of them!"] Now, I don't know that any one ever did that way down in New Jersey, but over where I lived that was exactly the way they acted, and they tell me copperheads are a good deal alike everywhere. In our country that certainly was the conduct of the copperhead fraternity. At all rebel victories they laughed for joy. When the Union men were singing joyous songs through the streets, on account of the victories gained by the armies of the United States, these men were nowhere to be found.

PUBLISHED WEEKLY, BY  
**C. R. PATTERSON.**

**A MERRY CHRISTMAS** to all our readers.

**CURRENT EVENTS.**

The public attention is strongly concentrated upon Congress. So far Congress is largely meeting the expectations of the people. The following are on the part of the House appointed on the special joint reconstruction committee of 15: Thaddeus Stevens, E. B. Washburne, (Rep.) Illinois; Justin S. Morrill, Vermont; Henry Rider, (Dem.) Kentucky; John A. Bingham, (Rep.) Ohio; F. A. Conkling, (Rep.) New York; George S. Boutwell, (Rep.) Massachusetts; Henry T. Blow, (Rep.) Missouri; and Andrew J. Rogers, (Dem.) New Jersey, being eight Republicans and two Democrats. The chairman Mr. Stevens is a radical of the first water.

Mr. Farnsworth, of Illinois, has introduced the following resolution:

**NEGRO SUFFRAGE.**

The House took up the following resolutions introduced by Mr. Farnsworth of Illinois:

**Resolved,** As the sense of this House, as all just powers of government are derived from the consent of the governed, that cannot be regarded as a just government which denies a large portion of its citizens, who share both its pecuniary and military burdens, the right to express their consent or dissent to the laws which subject them to taxation and to military duty, and which refuses them full protection in the enjoyment of their inalienable rights.

**Resolved,** That in imposing taxes on the people of the United States, none are exempted therefrom on account of color; so, too, in the laws enacted by Congress for enrolling and drafting into the military service of the United States those liable to military duty, no exemption because of color has been allowed; and while we have rewarded the foreigner who is ignorant of our language and institutions, and who has but just landed on our shores, with the rights of citizenship for a brief service in the armies of the Union, good faith as well as impartial justice demand of this Government that they secure to the colored soldiers of the Union their equal rights and privileges as citizens of the United States.

**Resolved,** That we agree with the President of the United States that mercy without justice is a crime, and admitting of rebels and traitors upon whose hands the blood of slain patriots has scarcely dried, and upon whose hearts the damning crime of starving loyal men taken as prisoners in battle, to the rights of citizenship and suffrage, while we deny those rights to the loyal black man who fought for the Union and who fed and protected our starving soldiers, is a fit illustration of that truth.

They tell the plain truth. Principles that must pervade in this country or unnumbered woes will be inflicted upon us. An effort was made by a sham Democrat to lay them upon the table, but defeated by 43 to 113.

**DIRECT VOTE FOR PRESIDENT.**

Mr. Jencks of R. I. submitted on the 11th inst. to the a proposal to amend the Federal Constitution as follows:

**JOINT RESOLUTION**

Proposing an amendment of the Constitution of the United States.

**Resolved,** By the Senate and House of Representatives of the United States of America in Congress assembled, (two-thirds of both Houses concurring) That in lieu of the clause following the word "States" in the first paragraph of section two, article one, of the Constitution of the United States, and of so much of article two as provides for electors of President and Vice-President of the United States, and the mode of their election, and also in lieu of amendment twelve

to said Constitution, the following article (be proposed as an amendment to said Constitution, which, when ratified by the Legislatures of three-fourths of the several States, shall be valid to all intents and purposes as part of said Constitution, to wit:

**ARTICLE.**

**SECTION 1.** In all elections of President and Vice-President the ballots shall be cast directly for persons to fill said offices, and the person having the highest number for each office shall be declared elected to such office.

**SEC. 2.** In the election of President and Vice-President, and of the members of the House of Representatives, the following described persons, and those only, shall have the right to vote, to wit: Male citizens of the United States of the age of twenty-one years, not under conviction for infamous crime, who can read, and who shall have resided for one year in the State and for six months in the district in which they shall offer to vote.

**SEC. 3.** Congress shall have power to pass laws providing for the registration of votes, for ascertaining their qualifications, for the times and manner of conducting such elections and for preventing frauds thereon, and for declaring their result.

The case of the white and black Unionist at the South is terrible, and yet with all their disloyalty, the sham Democracy would have these ruthless traitors and still murderers of tried Union men, at once admitted to Congress.

Here is a letter from a well known Union man, who barely escaped with his life from these fiends at the beginning of the war.

Sherman, Grayson Co., Texas, Oct. 31, 1865.

HON. HORACE GREELEY.—Dear Friend: I was in hopes by this time I should have some news for your readers. But alas for Union men and the returned refugees in this part of Texas! For, unless we get some protection from the Federal army, we will all be assassinated or driven out of the country. I arrived here safe on the 12th of July last and found my family all well, and managed to stay here unmolested till lately, by staying at home and keeping in the house pretty much of the time, as my life had been threatened in the event I could be caught from home.

Last Saturday evening one of the desperadoes, Houston Holt, came round to my house with a double barreled gun, and swore he was going to kill me because I was a Federal.

We both fired about the same time. My shot took effect in his breast, but, owing to the light charge, he was not mortally wounded. His shot struck me in the head, and one shot struck me in the left eye, and four or five others entered my face. I am not dangerously wounded, but I am fearful I will lose my eye.

Since I was wounded, the rowdies have cut up a great deal, and threatened to assassinate every Union man in the vicinity. It is with the utmost difficulty that I write this. I would like to write more, but for the present it is impossible. Oh, why don't the Government send us protection? I am, most respectfully,

F. W. SUMNER.

The very devil seems to be let loose. Says a correspondent of the Chicago Tribune:

"Nearly all the women and young men, and most of the preachers are just as great rebels now as ever; that the death of a hundred thousand freedmen before next May is very probable; that the blacks are slow to learn the probabilities of freedom; that the whites are swift to devise ways to save the essence of slavery; that the old masters mean to grind down the labor of the negroes to the lowest rate of compensation; that the interests of the freedmen require a more vigorous administration of the Freedman's Bureau."

Mississippi which furnished more Union soldiers (black men) than any other seceded State, is treating these loyal men most shamefully. Says an eye-witness,

"Like other Union soldiers, they were authorized to purchase at a stipulated price the arms with which they had served their country. These arms are now being torn from them by their late foes now restored to authority and power in that State. An order from the State Adjutant General directs the disarming—of course without compensation—of every negro in the State, and requires the captains of militia companies (all them ex-rebels) to execute this mandate, employing 'such force as may be necessary to put down any efforts of resistance.'"

If this robbery and oppression is allowed by our government, we shall not only have the secessionists against us in the next struggle but the negroes too, and we shall deserve to be beaten and all christendom will say, amen.—General Grant's visit has tested the state of things South. We are told that

"Upon his arrival at Charleston, very few of the white inhabitants were at the depot to greet him; but there was a large collection of the colored people, who cheered him enthusiastically. In the evening, the colored population got up a torch light procession and fireworks in his honor. In Savannah there was the same contrast. One of the newspapers of that city says: 'There was not the slightest enthusiasm manifested at the arrival, except by the few Northern merchants and the colored population—the latter only appearing on the wharf to welcome the distinguished hero with lusty cheers on his disembarkation from the steamer.'"

And yet there are Northern men

who would restore to all the privileges of citizenship the half rebellious whites with power to set their heels upon the loyal blacks.

The Liberal cause in Mexico is unexpectedly gaining successes. Not less three-fourths of Mexico is under Mexican rule, and Maximilian and the French are being hard pressed. Maximilian's bloody decree that Liberals taken in arms should be shot in cold blood is producing its natural fruit, a war of extermination.

Hon. Cornelius Cole has been elected U. S. Senator from California in place of the drunken McDougall.

Gen. Mitchell, of Kansas, has been appointed Gov. of Kansas. —Great meeting of farmers in regard to cheap transportation to the sea, board occurred in Bloomington, Ill., Friday, 15th. They favor the Michigan ship canal and the free use of the St. Lawrence.

Maximilian is negotiating with Austria for 10,000 troops. —A great triumph of surgery has occurred at Flint. A patient was placed under the influence of chloroform, an incision made, from the pit of the stomach the entire length of the abdomen. The attachments were tied and a tumor successfully removed weighing 103 pounds and 32 inches in circumference. It is regarded by medical men as a great triumph of surgery. The patient (a woman) has so far recovered as to be around the house.

Rev. Dr. Boynton, pastor of a Congregationalist Church in Cincinnati, has been elected Chaplain of the House.

Mr. Wilson of Iowa has offered that part of the joint committee resolution rejected by the Senate on technical grounds, plainly declaring that no Southern Representative shall be received until their claims and the condition of the South shall have been fairly investigated.

Mr. Price of the same State offered another that no Representative shall be received until each rebel State shall by its Legislature, repudiate the rebel debt, and sanction the national debt. —The motto "In God we trust," is heretofore to be added to the designs of the principal coins in the country. —Provincial Governor Johnson has been relieved, and the State is now on its own hook. —The President has sent a message to the Senate stating that the Southern States are making rapid progress in reconstruction.

Gen. Grant's report of his visit was also received. He says that the Freedmen's Bureau must be sustained. —Tom Corwin, the great Orator of Ohio, Governor, Senator, late Minister to Mexico, is dead. —Secretary Sumner has issued a proclamation declaring the Constitutional Amendment adopted by twenty-seven States. The great anti-slavery agitator has the honor of setting his seal to this immortal document, an era in American history. —Senator Sumner severely denounces the President's late message, styling it a white-washing affair. —Congress adjourned Wednesday until the 6th of Jan. —Prov. Gov. Perry of South Carolina has been relieved by the President. —Gold 146 1/2.

## Temperance Meeting.

D. B. Greene Esq. gave a practical temperance address at Hewitt Hall last Monday evening. He brought the work of intemperance home. Somebody's Father, husband, son, brother, friend was graphically and touchingly described as on the road to ruin through this evil monster. The address was chiefly directed to our business men. That point developing the interest of our merchants in the temperance question was lucidly stated. Though the trade of a rich nabob, made so by dealing in liquors, may be secured the trade of twenty men, robbed of manhood, of property is lost. Temperance promotes trade, intemperance paralyzes it. Rev. Mr. Tindall followed in some appropriate remarks of a similar import. He demonstrated the temptation to which our young men are exposed by contiguity to saloons. The former occupy the upper rooms, the latter the basements. Dr. Rexford in some earnest remarks vindicated our merchants, disproved their apathy in respect to the temperance question. He made some home thrusts in reference to the supineness of professional men. If all our merchants were as wide awake to the evils of intemperance as the Doctor and were as willing to take a noble stand, marked progress would soon be visible. Rev. Mr. Hickey made some pertinent and timely suggestions in reference to the usefulness of women in circulating the pledges. He would have a committee of fifteen beard the lion in his den, visit these rum sellers taking with them the distressed sufferers of their abominable traffic and appeal to their manhood, if a spark of it remains entreating them to sign the pledge and desist from their ruinous course. Officers were elected D. B. Greene President, J. Bennett S. M. Loveridge and D. Edwards, vice Presidents, J. F. Cary, Secretary, and A. Williams Treasurer.

## Lay &amp; Dimick.

Entering the south room of the Post Office occupied by E. D. Lay, and S. H. Dimick, we discover quite a renovation. The improvement comports with our new Post Office. Before it had every appearance of a one horse concern. Now it looks up a first class store. Whatever humanity may need in the line of drugs can here be found piled up tier upon tier upon the North side. The show case on that side is passable. But on the south side is one that will naturally attract the attention not simply of the curious but of superior taste in such things. It is tastefully arranged and full of Yankee notions tempting the observer to feel for his wallet and buy something. Mr. L. recently entered this business with promise. Mr. Dimick is an old experienced druggist, a good citizen and deserves success. He is the inventor of the "Capillary Balm" in the sale of which they are doing nobly. See advertisement. We have been waiting for the last finishing touch on our new Post Office. When we get the key to our drawer in our pocket we will show our gratitude and let our readers abroad know that we are a little ahead of any town of its size in the west.

Go to Halleck & Hall's News Office for your Christmas and New Years presents.

**Platts said one should be able to read the mind of his readers who want to know what is going on, read our new advertisements. Platts will arrest your attention. It is a bona-fide mammoth Grocery Emporium. If you can find an article in his line he has not got, including toys, candies and other fixings for Holidays then despair of finding it in this market.**

**Klock.**  
Still another attraction for the trading community in addition to closing out his entire stock of Dry Goods at New York prices Klock has reduced his prices on Boots Shoes Hats and Caps so low that all can buy. Go and see him.

**S. D. Bingham.**  
Who we believe is a son of K. S. Bingham has taken charge of the Lansing Republican. He succeeds an able man and will no doubt maintain the good reputation of this deservedly popular sheet.

**Carriages.**  
Those in want of a Carriage will do well to do three things. 1st to read the advertisement of Mr. C. S. Stanley in our paper, 2nd visit Mr. Stanley and examine his carriages, 3d buy one and pay for it.

**Real Estate Sales.**

While the attention of the enemy is fully engaged by Grant, the attention of the general public is no less engaged by CRISTADORO'S HAIR DYE, which is accomplishing wonders in the way of beautifying heads that age or sickness, or capricious nature has disfigured with unsightly hues. Milton says truly that "Peace hath its victories no less renowned than war."

**KNOWLEDGE OFTEN SAVES LIFE.**  
Every living being has in his system imperfections. When these are within their natural limits, our health is good; but when they are in excess, pains, colds, rheumatism, gout, debility, costiveness, diarrhoea, dysentery, erysipelas, &c., afflict us. What we have to do to recover our health is to take out from the bowels and the circulation the excess of impurities. This done health follows of necessity. Brandeth's pills are the only medicine that do this with entire safety to all the organs of the body. Hundreds of thousands are now living who have adopted Brandeth's Pills as their only remedy for periods of from thirty to fifty years, and whose average health is excellent. They have always cured themselves, when sick, by using these innocent and infallible pills.  
Principal office, Brandeth Building New York.

**NERVOUS DEBILITY, Seminal weakness, etc**  
Can be cured, by one who has really cured himself and hundreds of others, and will tell you nothing but the truth. Address with Stamp, EDWARD H. TRAVEL, Lock Box, Boston, Mass.
